

# L-823 Super Connector Kits

## Compliances

Certified to FAA AC 150/5345-26 (Current Edition)

## Application

These kits provide secure connections in critical applications

## Key Features

- Constructed of rugged thermoplastic rubber for long-lasting, reliable service
- Tighter, Longer water seal to cable
- Will never come off cable
- Second full water seal at the connector surface
- Increased separation force between connectors
- Manufactured by ABB

## How to Order

To specify the proper kit:

Using a letter from Table 1 (below) and then a number from Table 2, describe first the plug and then the receptacle.

*Example: A Super Connector Kit designed for use with a cable diameter of .34" and #8 stranded wire would be 54Super-D4-D4.*

**Table 1**

**Cable Outside Diameter**

Minimum	Maximum	Size Code
.195"	.260"	B
.250"	.330"	C
.320"	.430"	D
.370"	.507"	Z
.420"	.585"	E
.575"	.785"	F

**Table 2**

**Wire Size (AWG) and Type**

Concentric Stranded	Solid	Size Code
10 - 12	8 - 10	6
8	6	4
6	4	3
4	-	2
2	-	1
